## Step 1: Download the app

Download PUPIL Messenger from the iOS App Store or Google Play Store. In the respective app store, search for 'PUPIL' or scan the QR code on this page.

## Step 2: Reset the password

You must only reset the password if you sign in for the first time or cannot locate the password originally sent to you.

In the 'CODE' field, enter '**DEGERSHEIM**' and enter **your email address** in the 'Benutzername' (Username) field. Then click 'Login' to show the forgotten password function.

> Now click '**Passwort vergessen**' (Forgot password).

> Re-enter your email address and click '**Passwort zurücksetzen**' (Reset password)

> An email will be sent to the email address you just entered. This email will contain an eight-digit temporary password.

## Step 3: Log in

Go back to the Messenger and click on '**Zurück zum Login**' (Return to login). In the '**Passwort**' (Password) field, enter the password you received and click '**Login**' to log in.

## Step 4: Change password

To change your password, click on '**Einstellungen**' (Settings) and then '**Passwort ändern**' (Change password). Enter the **password you received**, confirm the password change by entering a new password twice and clicking '**Passwort ändern**' (Change password).

Here you can select individual chats, group chats or broadcasts.

Create a new chat here.

The red dot next to 'Chat' and 'Gruppen' (Groups) indicates that you have unread messages. The number inside the dot indicates how many unread messages there are.

To remove a chat, long-press the corresponding conversation. You will then see several options, such as 'Chat verlassen' (Leave chat).

Here you can access the parent portal and the various functions that are enabled for you.

Under 'Einstellungen' (Settings) you can change your password and log out.

Here you can get information about the school

Here you can report absences of your child to the school.

Please note:

Not all schools use all features of PUPIL Messenger. The school will inform you in time about new features in Messenger.

If you enable this feature, you will be notified via email as soon as a message is received in PUPIL Messenger.

If you also activate this function, you will receive an e-mail with the content of the message sent via PUPIL Messenger.

Under Settings you can manage the notification functions, as well as change your password.
